## FIRE INSURANCE RATES DOWN

15 Per Cent Reduction Ordered Because of Abnormal Profits.

Hyde loses his order on the assumption that the fire insurance companies had been making abnormal profits in the business of the state along with the fact that charges have been reduced. This order will be a saving of hundreds of thousands of dollars to property owners of this state. The state insurance law provides that the superintendent may order reductions whenever he feels that rates are excessive.

## NO FEAR OF COAL SHORTAGE

Vacation Need Not Be Expected by Students.

The University has between three and four carloads of coal on hand now and more is coming in every day, according to a report made by the University business office.

Students who have perhaps been wondering about chances for a few days' vacation this winter as a result of a coal shortage at the University power plant and a forced dismissal of classes may now rest their minds on the subject and settle down to a full term's work.

"We are having no trouble in getting coal, and do not expect a shortage," said Edward E. Brown, business manager of the University.

Each winter during the three years preceding the school year of 1920-21, University students have enjoyed a few days' vacation in the midst of the term because of a coal shortage. Because of this they begin to speculate in the fall upon the chances for a coal shortage. The foresight shown by the University business office this year in the buying of the year's coal supply far ahead of time spurs all chances of such a vacation.

## License Tax!

## Vehicles

All private vehicles used in the City of Columbia, except baby buggies in active service, are subject to a license tax for the year beginning September 1st. The tax on motor vehicles is graduated according to the horse power.

## Dogs

The owners or keepers of dogs in the City of Columbia, are required to pay a license tax on each dog over four months old of \$1.75 for the year beginning October 1st. It's a misdemeanor to keep a dog in the city without paying the license. These taxes are now due, and delays are dangerous.

## Telephone Cords for Pacifiers.

DALLAS, Tex., Oct. 11.—Among other things, don't let the baby chew on the telephone cords. The telephone company here has issued an emergency call, entreating mothers to find some other article for babies to cut their teeth on.

There are places in Texas where the babies keep the telephone men on the jump repairing cords, because the mothers do not provide teething babies something suitable to chew, the telephone company states.

D.W. GRIFFITH presents

"WAY DOWN EAST"

Based on Wm. A. Brady's Famous Play by Lottie Blair Parker and Jos. R. Grismer

It's a simple story of plain folks—the greatest of all Griffith plays—uncommonly well done and with breath-taking effect.

Every audience has set spellbound through the unfolding of this great production.

With its humaneness and its story of unusual love, its thrills and its pathos, it stands alone in the field of spectacular pictures.

The all star cast which carries out the story quite eclipses any cast that ever appeared in this piece on the speaking stage.

## The Revival of the Old Fashioned Freshman-Sophomore Bag Rush

Rollins Field Saturday

Under the personal supervision of Col. William E. Persons of the University of Missouri R. O. T. C.

Event after event, in all of which scores of huskies will participate, will trample on each other's heels in riotous profusion. Mounted Tugs-of-war, dismounted tugs-of-war, spar fights, mounted wrestling, sack races, and similar contests will add to the general enthusiasm of the melee.

## Extra Added Attraction

There will be mounted on the field one of the Giant Grid-Graph Electric scoreboards, fifteen by ten feet in size showing graphically the play by play returns of the Missouri-Ames game. Last Saturday the Kansas gymnasium was packed with thousands watching the returns from the Army-Kansas game. The price of admission for this item alone was equal to the small charge asked for the Saturday exhibition. Intensely vivid with an expert operator coming from Columbus, Ohio, to present this feature, it alone will be more than worth the charge.

All of the Above-- Rollins Field Saturday, October 14

Starting at 2 p. m. sharp

Admission: 50 cents—no reserved seats.

Seats on sale at Palms, At Heibel's and by Razzers and members of Girls' Committees.

Every cent will go to remove council debt and provide for the biggest yet Home Coming this year.
